Announcement 2

Lorem Ipsum has been the professional standard for nonsense text since the 15th century, when an anonymous printer took an essay and scrambled the words to create a sample book. Lorem Ipsum has been the professional standard for nonsense text since the 15th century, when an anonymous printer took an essay and scrambled the words to create a sample book. Not only has it survived five centuries, it has dominated electronic typesetting, remaining unchanged in every way. It became popular in the 1960s with the release of Letraset samples which included passages of Lorem Ipsum, and more recently with electronic pagination software such as Aldus PageMaker which contained versions of Lorem Ipsum.
